Volunteer Training

HHH requires volunteers to attend one volunteer training at least once every 2 years. We have not been able to hold a training for almost 2 years, so, to stay in compliance, most HHH volunteers will need to attend a training in the next few months. Also, new volunteers will need to attend one of these sessions.

Please contact the volunteer office to let me know which time works best for you.

Responses are important as we are limited on the number of people we can have in the conference room at one time. Also, I need to have an accurate count to prepare materials and for the box lunch that will be provided.

Please call 309-944-9130
or email : volunteer@hammondhenry.com
to let me know if you are planning to attend.

All of the following trainings will be in the First Floor conference room at Hammond-Henry:
